PROFILE

Concept and Story Artist, with an interest in mechanical design and graphical shape language, and a focus in visual development and storytelling, looking for Full Time Employment, Contract, or Freelance work starting fall 2024.

QUALIFICATIONS

Visual Development

- Hard-Surface/Mech Design
- Visual Concept Generation
- Storyboarding/Animatics

Software

- Adobe Suite (Photoshop, Illustrator, Premiere)
- Toon Boom Storyboard Pro
- Microsoft Excel

INTERNSHIP EXPERIENCE

Intern, Z2 Comics, Denver, CO

September 2023 – December 2023

- Developed design pages for record-top spinning figurine product designs and a beat sheet for an animated advertisement
- Presented those ideas for future ideation and implemented feedback into revisions

NOTABLE PROJECTS

Visual Development Artist, Animated Arts Senior Exhibition

March 2024

- Generated and developed a series of 3 character designs and satirical concept art pieces about a world where extinct animals are brought back into existence as pitiful robotic toilers.

Team Lead, 24 Hour Animation Contest for Students

October 2023

- Managed a team of 5 student animators during, and in the weeks prior to, a 24 hour animation contest.
- Responsible for organization and role delegation as well as having an active role in leading idea generation, storyboarding, and animating.
